Bacio della Luna

Sparkling Rosé 0,0% Alcol

Vinification

Produced from a blend of Glera grapes and fermented at 16°C with carefully selected yeasts, it achieves a perfect balance of freshness and aromatic complexity. Expertly dealcoholized, it retains the wine's structure, character, and subtle nuances. After dealcoholization, a small amount of red must is added, giving the product its vibrant rosé color. Light, refined, and elegantly expressive, it is completely suitable for vegetarians and vegans.

Description

Bright cherry with violet highlights and delicate bubbles. Fruity and lively, evoking fresh strawberries and red berries. Refreshing and flavorful, with a youthful character. On the palate, creamy bubbles enhance the fruitiness, culminating in a subtly sweet yet fresh finish.

Food Pairings

Ideal as an aperitif and perfect with all kinds of fish and seafood.

Glera		**8-10 °C**	**Alcol: 0.0%** **Zuccheri: 40 g/l**
